

Information Technology (Techno) Park

Government of Nepal
Investment Board Nepal

Background

Information Technology (IT) Park is a large-scale technology park that is designed to foster innovation and promote the growth of technology-oriented companies. It will serve as a hub for technology companies, providing them with a supportive ecosystem, access to resources, and opportunities for collaboration, innovation, and growth. The purposed IT park aims to attract both domestic and foreign investments in the IT sector to harness the potential of the IT/ITEC (Information Technology Enabled Services) sectors to drive economic growth, create jobs, foster innovation, enhance technological capabilities, and facilitate digital transformation in the country.

Sector

Infrastructure & ICT

Location

Kathmandu Valley
Bagmati Province

Area

Approx 4.97 hectares

Project Rationale

Assemble IT entrepreneurs and businesses to a single location

Fulfill the need for a hub for technology driven companies

Promote Nepal's goal of digital transformation

Attract both domestic and international IT/ITEC companies to invest and operate in Nepal

Provide supportive ecosystem through access to supportive resources, infrastructure and facilities for technology businesses

Salient Features

About the Agency

The Investment Board Nepal (IBN)

IBN is a high-level government body chaired by the Right Honorable Prime Minister, that serves as a facilitator for both domestic and foreign investments in Nepal. Its primary objective is to create an investment-friendly environment by mobilizing and managing domestic as well as foreign investments to promote investment across different sectors through a transparent and efficient process. Being guided by the Long-term Vision (2043), the 15th Plan, international commitments such as Sustainable Development Goals and other subsequent policies of the Government of Nepal, IBN has been developing credible and bankable projects to garner investment.
