

Jalpadevi Cable Car

Jalpadevi Cable Car Pvt. Ltd.

BACKGROUND

The Jalpadevi Cable Car Project in Kailali District, Sudurpaschim Province, integrates a cable car system with a resort hotel near Chisapani, Karnali. The lower terminal station is proposed near the East-West Highway at Chisapani, while the upper terminal station is planned near Jalpadevi temple in Rajkada Village. Emphasizing modern amenities and Nepalese cultural elements, the resort includes a conference hall, health club, and restaurant, catering to corporate and leisure travelers. Its strategic location near Jalpadevi Temple, Tikapur Park, and Bardiya National Park highlights its significance for religious, nature, and recreational tourism. By leveraging the region's cultural and natural assets, the project aims to meet the growing demand for tourism experiences blending spirituality, recreation, and relaxation, fostering economic development, job creation, and the preservation of religious and natural heritage sites.

RELEVANT AGENCIES

- Investment Board Nepal

- Provincial Ministry of Physical Infrastructure Development
Sudharpachhim Province

FEATURES / COMPONENTS

INTEGRATED CABLE CAR SYSTEM

The project includes an integrated cable car system, providing not only convenient but also scenic transportation for visitors to reach the upper terminal station. This offers panoramic views of the surrounding area and enhances the overall experience of the visitor.

MULTI-CUISINE RESTAURANT

A multi-cuisine restaurant will be available at the project site, offering a diverse selection of culinary delights, including continental, regional, and Nepali dishes.

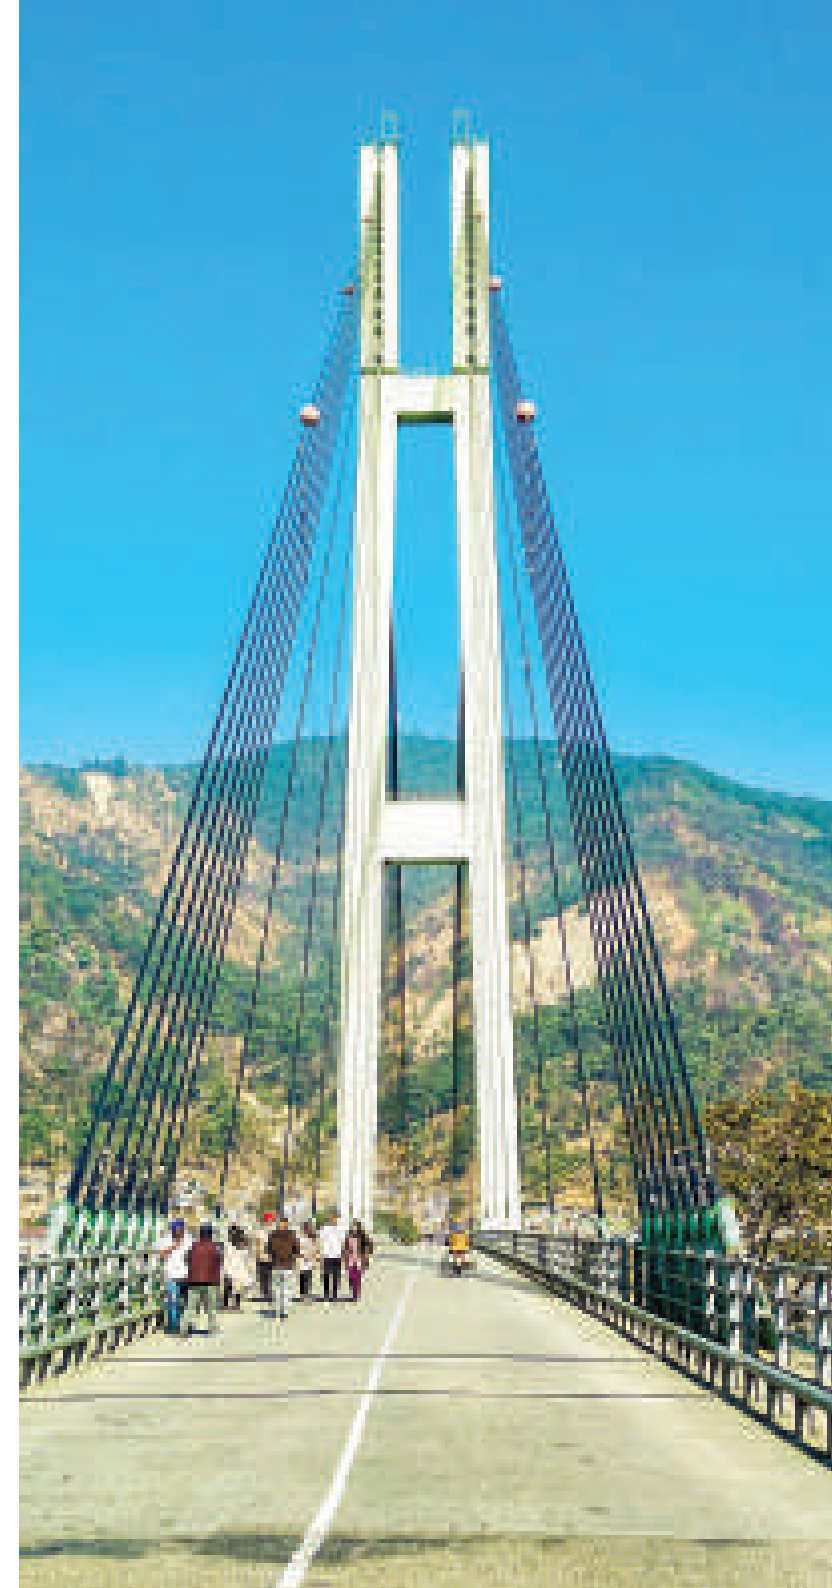

EMPHASIS ON MODERN AMENITIES

The project places a strong emphasis on modern amenities, ensuring comfort, hygiene, and spaciousness for visitors. Similarly, the rooms will also be equipped with modern facilities to enhance the overall guest experience and satisfaction.

PROXIMITY TO RELIGIOUS SITES AND ATTRACTIONS

The project's location offers proximity to various religious sites and attractions, including the Jalpadevi Temple, Tikapur Park, and Bardiya National Park. This allows visitors to explore the cultural and natural heritage of the region, further enhancing the project's appeal.

BENEFITS

Tax Revenue for the Government

After the completion of the project, it will generate tax revenue for the government through various channels, including ticket sales, hospitality services, and other tourism related activities.

Job Creation and Employment Opportunities

The project will create job opportunities for local residents in various sectors, including hospitality, tourism, transportation, and maintenance. This will help in reducing unemployment rates and improve livelihoods for individuals and families in the community.

Increased Tourism Revenue and Economic Growth

The project will be a catalyst for substantial employment opportunities within Sikles and the surrounding areas. By expanding the hospitality, tourism, and service sectors, residents will have access to new jobs ranging from hotel management and tour guiding to service roles in restaurants and retail, enhancing community livelihoods.

Preservation of Cultural and Natural Heritage

The project will contribute to the preservation of cultural and natural heritage by promoting tourism to the Jalpadevi temple and nearby attractions.
